

Lesotho Mission's Trip Application Form

Lesotho Mission has a vision to establish strong, life-giving churches through the development of strong local leadership who will lead churches of influence in villages, towns and cities across Lesotho.

The three key focus areas for Lesotho Mission are Maseru, Roma and Semonkong. Maseru is the capital city of Lesotho with much modernization and infrastructure, Roma is a student town whose rhythms are set by the university and students who attend it and Semonkong is a more rural village in the highlands which is a favorite for visitors and with the introduction of new roads, has become more accessible and exposed to the outside world.

The current estimated population of Lesotho is 2,3 million people and of that 75% of the people who live in rural areas have never been in a church.

Our goal is to **plant 50 life-giving churches in the next 5 years across Lesotho.**

For this particular mission's trip, we've partnered with seven other churches to plant three locally lead churches and strengthen an additional three existing churches.
